

WIN-TURI 216

WINTER STUDLESS
PNEU D'HIVER SANS CRAMPONS

The WIN-TURI 216 Performance Winter Tire is designed to deliver excellent grip and handling in all winter conditions.

- **Tread Design:** Outer longitudinal rib block design and inner lateral slots provide enhanced braking and superior cornering grip while also effectively removing water and slush.
- **Tread Compound:** Silica tread compound delivers superb traction and lower rolling resistance in winter conditions.
- **Siping:** Non-through block sipes helps provide excellent grip on snow and ice, while also minimizing friction and reducing rolling resistance.
- **Winter Performance:** Three longitudinal grooves that improves water evacuation and offers stability in deep snow conditions.

Le pneu d'hiver de performance WIN-TURI 216 est conçu pour offrir une excellente adhérence et tenue de route dans toutes les conditions hivernales.

- **Conception de la bande de roulement :** La conception à pavés extérieurs à nervures longitudinales et à fentes latérales intérieures procure un freinage amélioré et une adhérence supérieure dans les virages, tout en évacuant efficacement l'eau et la neige fondante.
- **Composé de la bande de roulement :** Le composé de la bande de roulement à base de silice procure une superbe traction et une résistance au roulement réduite en hiver.
- **Lamellisation :** Les lamelles de pavé non traversantes procurent une excellente adhérence sur la neige et la glace tout en réduisant au minimum la friction et la résistance au roulement.
- **Performance en hiver :** Trois rainures longitudinales qui améliorent l'évacuation de l'eau et procurent une stabilité dans la neige profonde.
